

13° CONGRESS *of the* EUROPEAN SOCIETY *of* Gynecology

VIENNA 16-19 OCTOBER 2019

FACTS & FIGURES

European Society of Gynecology

EVENT

The Congress of the European Society of Gynecology is the major event in terms of participants, themes and resonance, organized every two years by the Society.

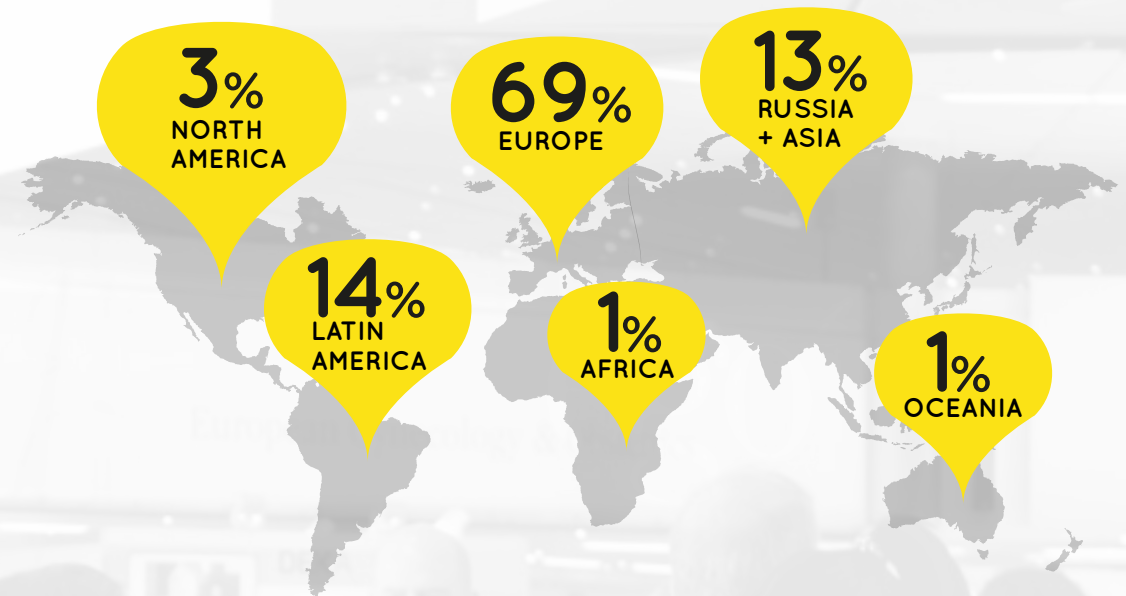

The ESG congress aims to gather the most active representatives of Gynecology and Obstetrics worldwide, contributing to facilitate an effective debate on the most recent knowledge as well as spreading the clinical and biological investigation concerning its area of expertise.

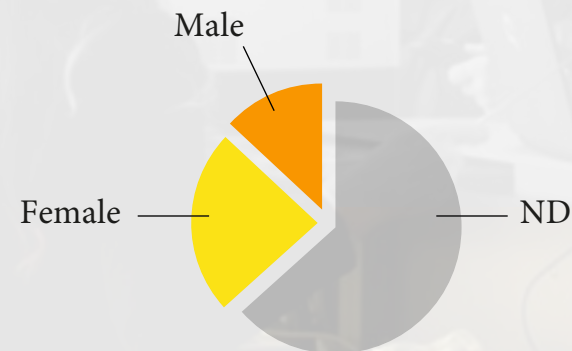

AUDIENCE

The 13th edition of the ESG congress, being held from 16 to 19 October 2019 in Vienna, registered a positive turnout throughout the 4 days' event with 1273 delegates who took part in the event coming from all 5 continents. Participants' ages ranged from 88 to 19 years with 47% identified as female.

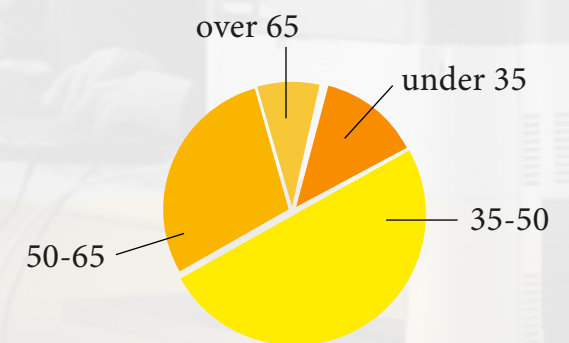

PARTICIPANTS BY REGION

PARTICIPANTS BY AGE

THE PROGRAM

The congress' scientific program has been developed by a Scientific Committee led by Prof. Andrea Genazzani, President of the ESG, in cooperation with 5 Chairmen from the University of Vienna: Professors Christian Egarter, Johannes Huber, Peter Husslein, Heinz Koelbl, Christian Singer.

The congress presented a comprehensive program that addressed the latest developments in diagnostic procedures, clinical practices, medical and surgical therapies as well as preventive strategies in the most important area of *reproductive endocrinology and obstetric care*, together with new developments in gynecological endoscopy and ultrasound technologies.

The participants *had the possibility to choose among 80 sessions* held by renowned speakers from all over the world.
